Keeping track of wins!

Wins only count if you have a UCI license not a General license.

Except, if you upgrade your license, then you can count all of your wins from the same year of the upgrade.

It is your responsibility to keep track of wins!

There are different upgrade rules or different genders and ages.

Boys—10 wins to move to Intermediate from Novice and then another 20 wins to move to Expert. Total of 30 wins from Novice to Expert.

Girls / Adult Female—20 wins to move from Novice to Expert. (There is no intermediate in female category's)

Adult Men—No intermediate category—only Novice and Expert. Move up after 15 wins.

Once your rider has all of their wins, you must report it to Alberta Bicycle to upgrade their license. Failing to do so and continuing to compete can result in losing qualifying points and can disqualify your rider.

Winning Gold at a Provincial race counts as 2 wins. A win at a District race counts as 1 win.
